

FSK FM Receiver Module

ET-RXB-15 is FSK FM Receiver Module, which has super Sensitivity and Anti-Interference, it preferably applied in Remote Keyless Entry (RKE) and Body Control Module (BCM) systems. Easy pass kinds of FCC or CE certification.

It has ability to restrain the radiation, can work with several module (one transmitter module and several receiver module) at the same time, and have no interference to each other, and don't influence the receiving distance.
